RE: Letter of Reference for Pal-Pro Builders, LLC

I am writing this letter to inform the reader(s) of the excellent outcome of the building project Pal-Pro did at the East End School in the N. Plainfield School District.

The project: Addition of three classrooms with bathrooms in each. Job included, but was not limited to, steel work, extension of roof, extension of sprinkler system, exterior brick masonry, new HVAC system, interior finishes.

The job did have unexpected challenges but when completed, it was a job well done.

Sincerely,

Pamela Hinman

Business Administrator/Board Secretary
North Plainfield Board of Education
